My dearest Leo;

There is no doubt you'll be amaze to hear from me, due to the fact of no communication from me awhile. Well I'm awfully sorry and kindly forgive me. How is the world treating you, and making lots of money I hope. Thanks if you have plenty of it. You may need it some of this days.

Honey, don't you think it's time for you to come back to the Philippines? Everybody are anxious to see you, so you better come home. Make up your mind now and ride the next ship bound to the Island. "Home sweet home"

Honey, by the way are you married now? Is she blonde and pretty. I'm very proud to tell you that I settle down last Sept. 16, 1945. Boy she is a darling if you ask me. She got everything and believe me I'm crazy about her.

At present I'm still in the Army and expect to be back to civilian life around the 15 of next month. I applied for discharge here but it was disapproved, so I requested again and I guess it will come out okay. We don't like to reside in the Philippines forever.

Your attention please. May you do me a big favor. Mommy, I kindly beg me a black skirt. I need them very badly so please get it for me. Buy any kind so long as it is black. Wish you don't turn me down because I'll be unhappy. In the near future I may do you a favor too. Thanks a million in advance.

Kindly write as quick as possible and be sure to send me and at the same time tell me lots of news down there.

Good luck to you and all. Bye.

Yours loving brother,

Max

P.S. I want you to send me some of our old pictures together. My wife likes to see them and said forget to give me if you Kodak like and bad you ever got.

Thank you.

Dear Amigo,

I am sending this letter of mine to you. Hope you don't mind my sharing it.

Give my best regard to you all.

Sally.
